Re: Statement of Economic Interests

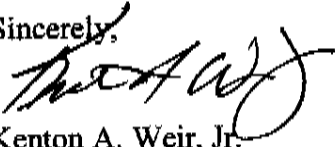

Dear Ms. Robertson:

I have completed the amendment of Form 700. The real property interest now includes the assessor's parcel number and the business interest has been moved to Schedule A-2 as requested.

It is my understanding that an elected official need not disclose the name of a person or business that made payments to a business entity if the disclosure would violate a legally recognized privilege under California law. The California Business and Professions Code generally prohibit accountants from disclosing client information. Accordingly, I have enclosed an attachment for Schedule A-2 as required and believe that I am in compliance with the FPPC regulations.

If you have any further questions or are in need of additional information, please do not hesitate to contact me.

Sincerely,

Kenton A. Weir, Jr.
